## WRIT SERVED ON HIM

Castellane Formally Served With  
Writ of Separation.

## NO DIVORCE DESIRED

While No Names Are Mentioned, the  
Bill Particularizes Several In-  
cidents In Which Count's  
Name Figures.

Paris, Feb. 16.—An un urgent writ  
was served Friday on Count Boni de  
Castellane, making him defendant in  
separation proceedings of his wife, for-  
merly Anna Gould. This step was  
taken after renewed efforts to effect a  
reconciliation, which proved fruitless.  
The count accepted service, even call-  
ing on the countess' lawyers to facili-  
tate fixing on the place where the writ  
can be delivered.

The bill of complaint was filed at the  
same time. It follows very closely the  
countess' prime facie when she first  
asked the court's permission to take

COUNT BONI DE CASTELLANE.

action against her husband. It men-  
tions no names, but particularizes cer-  
tain incidents in which the count is al-  
leged to have participated, and it asks  
for a decree for what the French law  
terms "separation of body and prop-  
erty," meaning complete material sep-  
aration without dissolution of bonds of  
matrimony. The court holds the bill  
of complaint in the strictest secrecy,  
but the foregoing are the essential fea-  
tures of its content.

It can be stated, with absolute pos-  
itiveness, that the countess intends to  
secure a decree at the earliest date  
possible. The count will not contest  
the granting of the decree.

## WADSWORTH'S WORDS.

"Gentlemen, Cotton is King Today,"  
Said Committee Chairman.

Washington, Feb. 16.—"Gentlemen,  
cotton is king today. Cotton statistics  
are now on trial." With these words  
Chairman Wadsworth of the house  
committee on agriculture opened the  
general hearing on crop statistics be-  
fore his committee Friday. Assistant  
Secretary Hayes of the department of  
agriculture, President Harvie Jordan  
of the Southern Cotton Growers' asso-  
ciation, J. A. Taylor, president of the  
National Ginners' association of Dal-  
las, Tex., and many southern members  
of congress, representing planters,  
were at the hearing.

Assistant Secretary Hayes was the  
first speaker. He gave in detail the  
plan of the department of agriculture  
for gathering statistics and changes  
recently made in the system of the  
bureau of statistics. He said the de-  
partment proposed to retain the crop  
reporting board, to have 2,800 county  
agents and several supervising inspec-  
tors, who shall travel and instruct dis-  
trict agents. Different codes are to  
be furnished each district agent  
monthly, and agents' reports are to  
be given to computers in sections to  
avoid possibility of leakage. With  
perfected reports, Mr. Hayes said, the  
markets would be less affected. Fre-  
quent and accurate reports would work  
against speculation, he said, and the  
weather bureau reports will furnish a  
guide as to conditions for the time be-  
tween reports.

## DISPLAY IS DAZZLING.

Presents of Miss Alice Roosevelt  
Admired by Friends.

## COLLECTION IS GREAT

Taft Party, With Whom the Bride-  
Elect Traveled In the Orient,  
Sent a Necklace of Ex-  
quisite Design.

Washington, Feb. 16.—Carriages and  
automobiles bearing close personal  
friends of Miss Alice Roosevelt, drove  
up to the white house throughout  
Thursday. These fortunate ones were  
given a peep at the wedding presents  
that have arrived already. The collec-  
tion was on view in one of the upper  
parts of the White House and present-  
ed a dazzling display of jewelry orna-  
ments and bricabrac.

Secretary and Mrs. Taft's present  
was a pair of elaborately chased vases  
of American manufacture.

Twenty members of the Metropolitan  
club presented a square beaten silver  
salver of antique design with auto-  
graphic reproductions of the signa-  
tures of the donors.

The present of the members of the  
Taft party with which Miss Roosevelt  
traveled to the east, was a gold neck-  
lace, the alternate links set with dia-  
monds of wondrous size and trans-  
lucency, surrounded by diamonds. The  
aqua marine in this necklace is said  
to be valued at over \$1,500 aside from  
the setting. Accompanying this pres-  
ent was a card inscribed as follows:  
"With love and best wishes to our  
Alice. From the members of the Taft  
party."

## VEST FOR LONGWORTH.

Ponca Indians Think Groom Is Entitled  
to Presents Also.

Washington, Feb. 16.—Ten Ponca  
Indians, who came from Oklahoma to  
present Representative Longworth  
with a buffalo skin vest, were much  
disappointed at not finding Mr. Long-  
worth in the house when they visited  
the capitol Thursday afternoon. The  
Indians were especially painted and  
dressed in beaded buckskin clothing  
in anticipation of an elaborate pre-  
sentation ceremony. Their gift for  
the president's prospective son-in-law  
is made from the hide of a young buf-  
falo, which is more highly prized by  
the Indians than any other trophy of  
the hunt.

The Ponca Indian delegation called  
on President Roosevelt in the after-  
noon to pay their respects to the  
"Great White Father."

Incidentally, Eagle Horse, the chief  
of the band, presented to the pre-  
sident their gift for his future son-in-  
law. The chief added that they made  
a present to the groom and not to the  
bride, because the bride already has  
received many presents and they felt  
the groom ought not to be neglected  
in this respect. President Roosevelt  
laughingly accepted the waistcoat on  
behalf of Mr. Longworth, promising  
to see that he should get it.

## GIFT OF CUBA.

Consists of Costly Necklace, Purchased  
in Paris.

New York, Feb. 16.—The pearl neck-  
lace, valued at \$25,000, the gift of the  
republic of Cuba to Miss Alice Roose-  
velt, has arrived on board the steam-  
er Majestic having been shipped from  
Paris by the Cuban minister there and  
billed through to the Cuban legation  
in Washington.

A report was published here that  
several seals on the package had been  
broken, that the parcel was found to  
be light in weight, and it was feared  
that it had been tampered with. These  
statements were denied by officials of  
the express company, who declare the  
weight to be exact and the seals in-  
tact.

## Marriage License Issued.

Washington, Feb. 16.—The marriage  
license of Miss Alice Roosevelt and  
Representative Nicholas Longworth  
was issued by the clerk of the court  
Thursday at 4:15 o'clock.

## LAND STRUGGLE.

Counsel For Both Indians and Whites  
Are Watchful.

Muskogee, Feb. 16.—J. Henry Dick,  
a prominent Cherokee of this place,  
will leave in a few days for Washing-  
ton where he goes to work against the  
recognition of the adopted whites in  
the participation of allotments in the  
Cherokee nation, which case is now  
pending before the supreme court. Mr.  
Dick will be joined by Richard M.  
Wolfe and Frank Boudinot upon his ar-  
rival in Washington, they being now  
on the ground. Adopted whites have  
a committee at Washington.

## Smashed Gate.

Greenville, Tex., Feb. 16.—When the  
westbound Cotton Belt fast mail train  
reached the Missouri, Kansas and Tex-  
as crossing here Thursday afternoon,  
the engine was going at such rapid  
speed that the train could not stop  
until it had run through the gate.  
The gate was completely demolished.

## VISIT TO WASHINGTON.

President Harrington and Prof. Bennett of the A. and M. on an Important Mission.

President H. H. Harrington and Prof. R. L. Bennett of the A. and M. College are in Washington, D. C., on an important mission this week. The object of the visit to the capital is to secure a conference with the officials of the Department of Agriculture in regard to the co-operative work being carried on by the department and the college. Not only is it expected that the present work in cotton breeding will be continued, but that the new lines of co-operative work will be arranged for. In addition to their business with the Department of Agriculture, President Harrington and Prof. Bennett will represent the Texas Agricultural and Mechanical College at the meeting of delegates from the Southern States to consider ways and means of eradicating the cattle tick. The trip to Washington had been planned for today, but a telegram from Congressman Scott Field and John M. Moore urging President Harrington to attend the meeting of Feb. 15 in person or to send a representative, caused the date of departure to be moved up a few days earlier.

While in Washington President Harrington will confer with the Texas delegation in Congress in regard to the Adams bill now pending before the House increasing the amount of the Federal appropriation to the agricultural colleges by \$5,000 a year each until the present Hatch fund of \$15,000 a year is doubled. The bill has been reported favorably by a unanimous vote of the committee on agriculture and all the Texas Congressmen are reported to be favorable to the measure. Congressman Field, Texas' member of the Agricultural Committee, writes President Harrington that the bill will almost certainly pass unless it should be crowded out by the volume of other legislative business.

One way rate to California points now going at \$25; also Arizona and New Mexico. W. S. Wilson, Agt.

## MYSTERIOUS DEATH.

Young Lady Expires After Suffering Terribly From Convulsions.

Killeen Tex., Feb. 16.—Miss Ida Hamilton died under mysterious circumstances. In the early part of the night she taught her little brothers and sisters their lessons, after which she asked them to retire from her room, as she wished to write a letter. In a few minutes her screams attracted the family and a physician was summoned immediately, who did everything possible to relieve her of the terrible convulsions which caused her death, but was helpless.

Every symptom indicates that she was poisoned, but how or why, it was administered is yet a mystery. She was a beautiful young lady, about twenty years of age, and quite popular.

## WRIT REFUSED.

Texas Supreme Court Makes an Important Ruling.

Austin, Feb. 16.—The supreme court refused a writ of mandamus in the case of Willoughby, sought to compel the land commissioner to accept his application to purchase four sections of school land in Schleicher county, and decided a rather important point as affecting the cancellation of leases and when the land is for sale. The court's ruling is that leases must be formally cancelled, and the records so noted, before the land is on the market for sale regardless of how long the commissioner fails to make the notation of cancellation after the sixty days' time which lessee has to pay and continue the lease.

## TURNER INSULTS FLAG.

Negro Bishop Declares It a Dirty and Contemptible Rag.

Mecon, Ga., Feb. 16.—In an address before the 500 delegates attending the convention of negroes in this city to discuss racial problems, Bishop H. M. Turner declared the American flag to be a dirty and contemptible rag. He further said that hell was an improvement on the United States when the negro was involved. In closing he said:

"If a little ignorant and stupid white man, who was never heard of and never will be heard of until 10,000 years after the resurrection trumpet, wishes a little notoriety, he begins to belie and slander the negro and bounds into popularity. And I challenge anyone or all of them to meet me in public discussion, and I will show that the negro is a far better man than they are."

## LOUISIANA LEADS.

More Land Frauds Than Either Oregon or Washington.

Washington, Feb. 16.—Light was thrown on the land fraud investigation by Secretary Hitchcock at an executive hearing before a sub-committee of the house appropriation committee. In connection with his estimate of \$20,000 for a continuance of the prosecutions Mr. Hitchcock explained that 600 indictments and 400 convictions had already been obtained by the interior department in nineteen states. On the surprise of the sub-committee, Mr. Hitchcock said that Louisiana leads in the frauds, uncovered by his department and has more than Oregon, Washington, or any of the states which are supposed to be the chief offenders. California also shows a long list of frauds.

## CANE AND KNIFE.

These Were the Weapons Two Arkansas Belligerents Had.

Little Rock, Feb. 16.—A personal encounter occurred Thursday afternoon between Senator A. W. Covington of Clarksville and T. L. Cox of Little Rock, growing out of testimony given by Cox for the state in the trial of a bribery charge against Covington. Covington attacked Cox with a cane and Cox drew a pocket knife, but the two men were separated before serious results were possible. Neither combatant gave evidence of personal injury. Both were arrested for assault and battery.

## **WITHIN A WEEK.**

**Depositors Assured That Part of Money Will Soon Be Paid.**

Chicago, Feb. 16.—A crowd of depositors gathered around the doors of the Bank of America as early as 7 o'clock Friday, in the hope of securing their money. Among the number were many drug clerks, the bank having worked extensively through drug stores in all parts of the city. In many drug stores notices had been posted informing the public that deposits would be received at the drug store for the bank, and offers of interest in the institution were held out to the clerks as an inducement to secure large deposits.

The first official of the bank to put in an appearance was R. H. Howe, assistant cashier. He opened the doors and a crowd of depositors swarmed around him. Mr. Howe made a speech to the depositors, saying, in substance: "Within a week you will receive 25 to 40 per cent of your money, and the balance within a few days after that. All depositors will be paid in full. We have \$100,000 in cash on hand and some securities that will be disposed of within a week. There is not the slightest fear that any depositors will lose any of their money."

When asked as to the cause of the trouble Mr. Howe replied: "The cause of the failure was injudicious loans. All money received after 3 o'clock Thursday has been put aside and customers can have it at any time they call for it."

President Abner Smith deplors the fact that he should, at his age, have been brought into an affair of this kind. He said: "I got into this thing through my connection with some real estate loans. Everything would have been all right if the stockholders had not squabbled as to who had and who had not paid in full for stock."

## **FAKE FOOT RACES.**

**Another Turn Taken In Court In the Interesting Matter.**

Austin, Feb. 16.—Another turn has been taken in the noted fake footrace cases, which have been pending in the courts here over a year. Ed Hyndes and W. O. Taylor, two of the principals, failed to show up Friday when the cases were called and forfeited their bonds. These are the parties charged with fleeing C. P. Guess of Rogers, Tex., out of \$2,000 in a fake foot race. Two alleged pals of Hyndes and Taylor have already been convicted and given terms in the penitentiary for this offense.

The Modern Order of Praetorians of Dallas was granted a permit to do business in Texas for 1906 by the insurance commissioner. The annual statement of the order shows the income for 1905 to be \$88,371 and disbursements \$84,380.

The railroad commission granted the petition of the Waco Business Men's club to take up the question of requiring the San Antonio and Aransas Pass Railway company to furnish better depot facilities at Waco. A few days ago a vigorous petition was filed by this club, complaining of the depot room and facilities. The commission has issued notice of hearing for March 20, when it will take up the proposition of requiring that road to provide suitable depot facilities at Waco.

## **MORE COMPLICATED.**

**Carpenters Will Probably Refuse to Handle Output of Mills.**

Fort Worth, Feb. 16.—The situation between the planning mill proprietors and Carpenters' union is growing more complicated. The mill men refuse to grant the eight-hour day and insist on the open shop. From developments at the meeting of the carpenters Thursday night a big strike will probably be called soon. The plan of the carpenters is to tie up as quickly as possible all building trades by refusing to handle the output of the mills. The Carpenters' union numbers 350, and has many sympathizers.

Superintendent Gaines, railway mail service, received orders to route all Fort Worth mail over Frisco-Katy combination. Other mail is to be diverted where the best time can be made. He declined to give out any additional information.

## **ON ITS OWN BOTTOM.**

**Rock Island Has Nothing Whatsver to Do With the Sap.**

San Antonio, Feb. 16.—W. H. McIntyre, who is to be elected president of the San Antonio and Aransas Pass Railway company, has arrived. He stated that M. D. Monserrate would continue with the road as second vice-president. W. M. Hobbs, former superintendent of transportation of the Rock Island, will be first vice-president and general manager. Mr. McIntyre stated the Rock Island has nothing to do with the Sap, and that the Sap is standing on its own bottom.

## **SEVEN SKELETONS.**

## **BODY TAKEN AWAY.**

**Remains of the Late King Christian Sent to Burial Place.**

Copenhagen, Feb. 16.—The body of the late King Christian was removed from Christianborg church here Friday to the cathedral at Roskilde, where it will be buried Sunday at 1,000 years have found their last resting place in the ancient capital of the kingdom. The whole of Copenhagen was given up to mourning. Business and work were at a standstill, while emblems of sorrow were displayed everywhere. Enormous crowds of townspeople, garbed in black, swelled by thousands of arrivals from the country districts, thronged the square in front of Christianborg church, and the route thence to the railway station from early morning, standing patiently for hours in order to pay the last tribute to the dead monarch. Windows all along the route were filled with spectators, who paid high prices for seats. Most of the owners of such places of vantage announced their intention of devoting to charity, in memory of King Christian, the proceeds of the sale of seats.

Shortly before noon the kings of Denmark, Greece and Norway, Queen Alexandra, dowager empress of Russia and other royal relatives of the deceased and representatives of foreign sovereigns reached Christianborg church, where a brief service was held, at the conclusion of which the coffin, covered with the Danish standard, was borne by naval and military officers to the waiting hearse. Then, headed by infantry and cavalry, the simple cortege was formed and slowly proceeded through the three and a half miles of streets between the church and the railway station. Immediately behind the hearse was led King Christian's favorite riding horse, Juesuf, which was shot, according to an ancient Danish custom. The procession was closed with carriages bearing male members of the royal families represented at the funeral, the ladies watching the departure of the body from neighboring buildings. Bells on all churches were tolled and minute guns fired from the arsenal throughout the progress of the cortege, and until the coffin was placed on the funeral train.

This was the first time in history that the body of a Danish king was transferred by railroad to the burial place. At the time of the death of Frederick VII, the predecessor of King Christian, in 1863, the use of a railroad train for the conveyance of the king's body to Roskilde was not considered sufficiently dignified.

## **FORMULATING DETAILS.**

The Ohio senator's remarks received careful attention from the senators present, but the attendance was at no time large. Among the auditors in the gallery were a number of Indians in native costume.

In his speech Mr. Dick said that everybody recognizes that Oklahoma and Indian Territory are prepared for admission, and he thought that everyone acquainted with the facts ought to agree that, without consolidation New Mexico and Arizona are not prepared to assume the duties of statehood.

After an executive session the senate adjourned until Monday.
